L. S.

To the inhabitants of the town of Claremont in the County of Sullivan in said state, qualified to vote in town affairs :

You are hereby notified to meet at the town hall on Tuesday, the twelfth day of March next, at eight o'clock in the forenoon, to act on the following subjects :

1. To choose all necessary town officers for the year ensuing.
2. To see what sum of money the town will vote to raise for the support of schools the ensuing year.
3. To see what sum of money the town will vote to raise for the support of Stevens High School.
4. To choose a committee for Stevens High School for the ensuing year.
5. To see what sum of money the town will vote to raise for the repair of highways and bridges the ensuing year and determine how it shall be paid.
6. To raise by vote the necessary amount of money to pay legal expenses of the town for the ensuing year.
7. To see what sum of money the town will vote to raise to pay the debts of the town.
8. To see what sum of money the town will vote to raise for the Fiske Free Library.
9. To see what sum of money the town will vote to raise for the support of the poor.
10. To see what sum of money the town will vote to pay firemen.
11. To see what sum of money the town will vote to pay for the use of hydrants.
12. To see what action the town will take in regard to lighting the streets and raise and appropriate money therefor.
13. To determine the rate of discount the town will allow persons paying their taxes within such period as the town may designate.
14. To see what sum of money the town will vote to raise for the expenses of Memorial day.
15. To see what sum of money the town will vote to raise or appropriate for the benefit of the American Band.

16. To see what sum of money the town will vote to pay the Board of Education.

17. To see what sum of money the town will vote to appropriate in aid of the Claremont Cottage Hospital.

18. To see if the town will vote to build a new town house in said town, remove the present town hall, lobby building and the engine house or either of them to make room for said town house.

19. To see what sum of money the town will vote to raise and appropriate to pay the expenses of the new town house.

20. To see if the town will vote to issue bonds in the name of the town and sell the same for the purpose of raising money with which to pay the expenses of the new town house.

21. To see if the town will appropriate a sum of money not exceeding fifty dollars to be expended for iron markers to be placed at the graves of Revolutionary soldiers.

22. To see if the town will vote to adopt the provisions of chapter seventy-nine of the Public Statutes of the State of New Hampshire.

23. To hear the report of the committee on purchasing the Claremont Bridge property.

24. To see if the town will instruct the selectmen to have a highway laid out across the Connecticut River and to take the real estate franchise or easement of the Claremont Bridge Company or of the Ashley Ferry Company or of any other corporation thereof.

25. To see if the town will authorize the selectmen of this town to unite with the selectmen or other proper officer of the contiguous town of Weathersfield in the State of Vermont and to contract with them for the purchase of any real estate or the privilege, easement or franchise of any bridge or ferry corporation, if in their opinion the public good requires a highway to be laid out over said property, or so near thereto as seriously to affect the value thereof.

26. To hear the report of the committee on history of the town.

27. To see what action the town will take in regard to the compilation and publication of the history of the town.

28. To see if the town will by vote provide a suitable compensation (not less than one hundred dollars per annum) for a justice of a police court therein.

29. To see if the town will by ballot or in any other way nominate suitable persons to be recommended to the Governor and Council for justice and special justice of a police court therein.

30. To see if the town will vote to raise and appropriate a sum not to exceed twenty-five hundred dollars for macadamizing Tremont street from Tremont square to Broad street, and Broad street from Tremont street to the upper bridge.

31. To see if the town will vote to instruct the selectmen of said town to purchase suitable seats, and place the same in the public park for the use and accommodation of citizens and others visiting said park.

32. To see if the town will vote to instruct the selectmen in making their annual report, to have an itemized statement of all monies received and expended by each officer of the town for the current year.

33. To see if the town will vote to employ some suitable person to arrange the records of birth, death and marriage, together with such other genealogical material as may be compiled from family records or other reliable sources, in order that the same may be published in connection with the town history, or separately as a part of the said work.

34. To see what sum of money the town will vote to raise and appropriate for the repairs of Stevens High School building.

35. To see if the town will vote to instruct its selectmen to run Chapel street in a straight line from its head to the intersection of Broad street.

36. To see if the town will provide some suitable place for the children to coast upon.

37. To see if the town will instruct its selectmen to place iron cage cells in the old selectmen's office.

38. To see if the town will vote to accept the roadways as now laid out upon the tract of land known as the Fairview park and its approaches situated in the said town of Claremont.

39. To see if the town will vote to buy a horse hose reel and a horse and provide a suitable place for keeping the same.

40. To see if the town will vote to dispose of the liquor now on hand belonging to the town.

41. To see if the town will construct suitable places at the head of two or more brooks in town for the protection of the young fry placed in said brooks by the state and to pass any vote relating thereto.

42. To see if the town will vote to accept the legacy made to it by Charles O. Eastman, late deceased.

43. To see if the town will vote to accept the legacy made to it by Philander Wallingford, late deceased.

44. To see if the town will vote to place an arc light at the intersection of Barnes and Hanover streets.

45. To see if the town will vote to instruct the selectmen to place a hydrant and arc light or either of them near the head of Broad street.

46. To see if the town will vote to place an arc light on Broad street near the railroad crossing.

47. To see if the town will vote to place an arc light at the corner of Elm and North streets.

48. To see if the town will vote to place an arc light and a hydrant or either of them near the Draper Corner school house so called.

49. To see if the town will vote to place an arc light at the junction of Mulberry and Pleasant streets near the southerly side of the new cemetery.

50. To see if the town will vote to place an arc light on Chestnut street near the railroad crossing.

51. To see if the town will vote to place an arc light at the junction of Chestnut and South streets.

52. To see if the town will vote to place an arc light at the corner of Trinity and Walnut streets.

53. To see if the town will vote to instruct the selectmen to remove the hydrant at the corner of North and Fremont streets to the corner of North and Elm streets near the residence of Joseph C. Jones.

54. To see what action the town will take upon the report of the committee appointed to purchase land for a new cemetery.

55. To see what action the town will take in regard to the land lately purchased for a new cemetery, whether to sell said land and make another purchase or to proceed to lay out lots on the present site.

56. To see if the town will vote to discontinue so much of the highway recently laid out leading from Wall street to Putnam Lane, so called, as is upon the land of Henry Ferguson, land of Charles B. Spofford and land of Helen Healey, or any part thereof.

57. To see if the town will vote to place an arc light at the junction of Myrtle, Tyler and Mulberry streets.

58. To see if the town will vote to place an arc light at the junction of Franklin and Sullivan streets.

59. To see if the town will vote to place a hydrant on Washington street near the old pound.

60. To transact any other business that may legally come before said meeting.

Given under our hand and seal this twenty-fifth day of February, eighteen hundred and ninety-five.

MARSHALL S. ROSSITER,	} Selectmen of Claremont.
CHARLES H. HUBBARD,	
CHARLES A. FISHER,	

# Report of the Selectmen.

	\$ 706 35

### FISKE FUND.

At the beginning of the financial year, March 1, 1894, there was \$707.32 in the treasury, from the income from this fund of \$5,000.00. During the year, \$729.81 have been expended in purchasing books for replenishing the library. No income has been received the past year. The sum of \$22.49 has been borrowed from the rents of library block to balance this account.

O. B. WAY, Treasurer.

February 15, 1895.

## REPORT OF COMMITTEE ON TAPPAN FUND.

Collected and paid into the town treasury twelve hundred dollars. Income received from Claremont town bonds registered, \$20,000, and the interest on \$10,500, mortgage loans due Jan. 1, 1895, will be collected and paid over as wanted, part of which has already been paid and will be included in the next report.

As the fund now stands there is invested :

In Claremont town bonds registered,	\$ 20,000
In notes secured by mortgage,	10,500

MARSHALL S. ROSSITER,	} Committee.
CHARLES H. HUBBARD,	
CHARLES A. FISHER,	
JAMES P. UPHAM,	
EDWARD J. TENNEY,	

## REPORT OF CHIEF ENGINEER.

During the year ending Feb. 15, 1895, there were four alarms of fire, viz. :

April 30, 9.15 p. m., ice house.

May 23, 12 noon, Monadnock Mills' saw mill.

July 5, 8.05 a. m., Hood's block.

Nov. 14, 11.30 p. m., Mrs. Eliza Stowell's house.

None of these fires were very serious except the saw mill fire, which entirely destroyed the mill and did considerable damage to adjoining buildings.

There have also been four forest fires, viz. :

May 3, 5 p. m., near Bluff school house.

May 7, 1.30 p. m., near high bridge.

May 10, 5 p. m., in a pile of wood east of Jarvis' paper mill.

May 13, 9.30 p. m., on Shepardson lot, West Claremont.

During the year four hydrants have been set, three fire alarm boxes put in, a hose house built at West Claremont and 500 feet of new hose purchased.

We have now 56 hydrants ; should there be no more added this year the rental will be \$1,960 00.

We have 11 fire alarm boxes and about 2,500 feet of good hose.

The hook and ladder house on Main St. is not fit for use and is so small that the truck has to be partly taken to pieces in order to get it inside the building.

The engine house is also too small, and is cluttered up with wood, coal, fire alarm batteries, fire alarm supplies, etc. It has been the practice to have one or two of the firemen sleep in the engine house nights when it is very cold and windy. With our present accommodations they have their choice to lay on a concrete floor or on a rack to dry hose on; neither of which is very pleasant.

I recommend that the town take immediate steps towards the purchase of a horse hose reel, and at least one horse, and the erection of a building large enough to hold all of the apparatus, and suitable for the uses of the fire department. This building to be known as the Central Fire Station.

Thanking the firemen for their hearty support and prompt response to all alarms, I submit my report and recommendations.

JAMES L. RICE, Chief Engineer.

# Report of Trustees

## OF STEVENS HIGH SCHOOL FUND.

---

The amount of this fund in the hands of the trustees is the same as reported last year, ten thousand dollars (\$10,000), with interest at 6 per cent. from March 1, 1894.

The income for the year ending March 1, 1895, will be collected and paid into the town treasury, as soon as it shall be needed.

### THE ALDEN LITERARY PRIZE FUND

consists of the real estate bequeathed by the late Mrs. Mary J. Alden, and \$1,034.34 deposited in the Sullivan Savings Institution. We have received during the last year for rent \$144; for interest, \$26.83; and paid for prizes, \$120; painting and repairs of the Alden house, \$62.70; water rent, \$8; care of the Alden lot in the cemetery, \$2.

CHARLES H. WEED, Treasurer S. H. S. Com.

We, the undersigned, Auditors of the Town of Claremont, have examined the foregoing accounts of the Town Treasurer, Selectmen, Highway Agent, Overseer of the Poor, Treasurer of Stevens High School Committee, the Financial Agent of the Fiske Free Library, and find the same correct, with proper vouchers.

F. H. BROWN,	} Auditors.
E. B. HEYWOOD,	
CHARLES H. WEED,	

# Report of Board of Health.

---

We, the undersigned Health Officers of the town of Claremont, hereby submit the following report :

The Board was organized by the choice of E. F. Houghton, chairman, and F. C. Wilkinson, secretary.

The rules and regulations of the Board of Health of last year, with a few slight changes, were adopted by the Board of this year, and after being approved by the Selectmen, and recorded by the Town Clerk, were posted in several public places in town, published in both the local papers, and copies left at nearly every house in the village.

There have been over two hundred complaints made to the Board this year, and judging from the character of some of them we are of the opinion that many people think our duties comprise those properly belonging to the Police force, Road Agent, Inspector of Buildings, and in fact to a court of last resort.

The most general complaint, however, has been caused by the want of proper drainage from sinks, and the dumping of offal and decomposing vegetable matter beside the roadways and near the residences of others than those who thus dispose of their refuse material.

Early in the year we arranged with Mr. Lawrence Tolles for the continuance of his dump and the care of the same, and all parties should make use of said dump, instead of doing as too many have done in the past, that is dumping their waste material and refuse matter wherever it is most convenient, regardless of the rights of others, or the endangering of the public health.

The subject of sewerage has agitated the public mind during the last few months to an unprecedented degree, evidently not so much

as to what we should do, but as to what we should not do, and judging from the action of the last meeting of the village district it appears that the voters are not as yet ready to incur the expense of a sewerage system, or are not agreed as to the better plan to adopt in relation to the same.

This fact is truly deplorable, and it seems to us that considering the present condition of the feeling that exists among the people, and the need of united action in relation to the matter, the best course to pursue would be to terminate the existence of the village district and see what action the town will take in relation to the subject. If we cannot have a complete system put in at once let us make a beginning, doing a little this year, more next, and so on as the years go by and the needs of the village may require, so that, in the course of ten or fifteen years, the system may become completed, and by a small annual appropriation the cost will not be as perceptible, and when finished it will be paid for, and thus we will avoid contracting any additional debt, either for the town or village.

That we need a sewerage system, especially for the compact part of the village, very few will, or do deny. The question seems to be how to proceed in relation to the matter. No one, as yet, has been found wise enough to present a plan upon which the voters can agree. We believe, however, that when the condition is correctly understood, and the situation has been fairly considered, the people will be ready to take such action as will ultimately lead to a complete and successful system of sewerage for the entire village.

Under our present condition the most difficult question often presenting itself to those against whom complaints are made, is how to dispose of their sewage.

We are not in favor of small cesspools, generally unventilated except as the gases generated by the constant decomposition of the vegetable and organic matters therein deposited, may, and do find a vent back into the house, through the shallow trap, or as is too often the case, as we have found where there is no trap at all, and thus the occupants become subjected to the poisoned air of their own dwelling.

Surface drainage, where the soil is loose and sandy, and where proper attention is given to the care of such drain is often the best thing that can be done.

The trouble however with this method is, that frequently such drains are not properly attended to; weeds are permitted to grow up

and cover the drains, and thus the sunlight is prevented from doing its legitimate work of disinfecting the refuse matter, and the foul water is allowed to accumulate in puddles to evaporate and thus contaminate the surrounding air to the discomfort and injury of the neighborhood.

One fact exists that possibly the people do not know or realize as they should, nearly, if not quite, one half of the compact part of the village is now drained into the river as it flows through the village, and several families, including the railroad depot, have drains emptying into the Tyler brook.

This condition, in our judgment, should not be allowed, and we believe that an injunction from the Supreme Court could be obtained restraining all parties now making use of the river and its tributaries for such purposes, as well as preventing others from such use. It is possible that such action will have to be taken before any system of sewerage can be adopted, either by the village or town.

We believe it is dangerous to the public health, especially to those living near the river, to allow our waterways to thus become polluted. We trust that before many years there will be enacted a statute law prohibiting such use of all public waters.

There have been reported to the Board during the year two cases of measles, two cases of diphtheria, fifteen cases of typhoid fever and twenty-seven cases of scarlet fever, all of which have been properly quarantined and the premises disinfected after recovery or death.

We are pleased to say that under good medical treatment and care all have recovered except one, a case of typhoid fever, which evidently was contracted in the village of Windsor, Vt.

We received one complaint of especial interest to us, and we believe of importance to the inhabitants of the town, it being the slaughter for beef, and the exposing for sale in one of the village markets, of a diseased ox, which, upon investigation, warranted us, we believe, in condemning the beef, and ordering it buried, which was done under our personal direction. This leads us to say that we think it would be a wise thing if all cattle were inspected by some properly qualified officer before being slaughtered for beef, as well as all beef before being allowed to be sold for consumption by our people, as we have no doubt many diseased cattle are thus disposed of.

We had occasion to remove from the river three dead hogs, and we wish to say that any man mean enough to dump such things into

the river is mean enough to do most anything, and we assure the public that if we could have found the guilty party he would have been handled without gloves.

We wish to say in this public manner that the people against whom complaints have been made during the year, have given the health officers every courteous treatment, have generally accepted our advice and conformed to our suggestions with apparent good feeling towards us. This action on their part has made our duties very much more pleasant than they otherwise would have been.

It appears to us that the public have come to learn that the health officers are simply trying to perform their duty, and that we do not require unnecessary restraints in cases of quarantine or impossible action in cases of sanitation. We feel very grateful to the public generally for their support and encouragement in the performance of our, to say the least, unpleasant, and often times disagreeable duties.

Respectfully submitted,

E. F. HOUGHTON, M. D.	} Board of Health.
F. C. WILKINSON, D. V. S.	
C. L. MARTIN,	

## Report of the Committee on New Cemetery.

---

Some four years ago the town of Claremont chose Isaac H. Long, M. S. Rossiter, H. C. Sanders, H. W. Parker and Charles B. Rice, a committee to select a site for a new cemetery. They recommended the "Wheeler lot." The Selectmen were at once instructed to purchase and prepare the same. The purchase was made, about thirty acres being secured for the sum of \$1,000. Great dissatisfaction with the site, on the part of many citizens coming to the knowledge of the Selectmen, caused them to delay preparing the grounds for burial purposes till all parties could express their views, and vote at the next annual town meeting. At that meeting, in March, 1892, after considerable discussion, a new committee, consisting of M. S. Rossiter, F. P. Huntley, S. J. Roberts, Jr., O. B. Way and A. W. Hawkes were chosen, and full power to sell the Wheeler lot, and select, purchase and lay out some other lot, was given them. During the following twelve months this committee examined many different sites, but made no selection, the preferences being divided between the "Wheeler lot," and the "Ward lot."

At the following annual town meeting, in March, 1893, a new and very large committee were chosen, consisting of the following twenty-five men: O. B. Way, A. W. Hawkes, M. S. Rossiter, F. P. Huntley, O. D. Blanchard, D. W. Johnson, E. D. Baker, J. P. Rounsevel, D. T. Chase, Ira Colby, H. W. Parker, G. H. Stowell, E. J. Tenney, J. L. Farwell, J. D. Upham, J. M. Whipple, H. W. Frost, I. D. Hall, G. L. Balcom, F. H. Brown, A. P. Bradbury, J. S. Walker, H. A. Eaton, S. F. Rossiter, Herbert Bailey. This committee were also clothed with full powers to

act for the town, in making ready grounds for enlarged cemetery purposes. They entered upon their duties with zeal, held frequent sessions, and made many and thorough investigations. The twenty-five members were never all present at any one meeting, but business was never transacted without a quorum.

On November 20, 1893, it was voted: "That the Secretary prepare blanks and send to each member of the committee requesting him to designate his first and second choice, in the matter of a location for a new cemetery." Every man responded by designating his first choice, only a small number giving their second choice. The vote as regards first choice was as follows: Fourteen for the Ward lot, six for the Tyler lot, four for the Wheeler lot, one for Twistback.

At a meeting of the committee on Jan. 26, 1894, thirteen being present, the result as shown by the circular vote was made public, and it was voted "That the Ward lot be the location for additional cemetery purposes, and that a sub-committee be chosen to ascertain as to the extent of the land to be obtained, and as to the probable expense." O. B. Way, H. W. Parker, E. J. Tenney, M. S. Rossiter, F. P. Huntley and Ora D. Blanchard were chosen said committee.

At a subsequent meeting this committee was changed to O. B. Way, H. W. Parker and M. S. Rossiter. It was then voted: "That the sub-committee be authorized to obtain the title to the proposed new cemetery in such a way and at such time as they think advantageous, and report to the committee at any time they see fit." While this sub-committee were making investigations as to the extent and expense of the "Ward lot," and before they made their report to the whole committee the annual town meeting in March, 1894, was held. The situation was explained to the town by different members of the committee, and the whole matter of cemetery was again placed in charge of the same committee of twenty-five without instructions.

The sub-committee—Way, Parker and Rossiter—reported to the whole committee, June 22, 1894, the results of their investigations, respecting the "Ward lot." Their report, in effect, was, that Mr. Simpson of Boston, owner of eighteen acres of what is called the "Ward lot," wanted \$4,000 for his land; that A. J. Mann, who owns about eleven acres adjoining the "Ward lot" on the north,

wanted \$2,000 for his ; that A. C. Ward wanted \$1,000 for his house and acre of land on the south, and that Mrs. Barraby, owner of the house just south of the Ward house, would want something for damages if a cemetery was located within twenty rods of her house. They further stated that, in their judgment, all these figures were greatly in excess of the market value, and if the cemetery was to be located here they advised condemning the lands and allowing the County Commissioners to settle the matter of price. No action was taken on this report save to accept it. These figures have since been greatly reduced.

At this meeting the only vote passed was the following: "That J. S. Walker, J. L. Farwell and S. F. Rossiter be a committee to ascertain what it will cost to purchase the 'Tyler lot,' and ten acres of the Paper Mill lot, together with the rights of way for cemetery, and report at a future meeting." This sub-committee did faithful work, and reported to the committee—thirteen being present—on Jan. 24, 1895, the results as follows:

TO O. B. WAY, CHAIRMAN OF COMMITTEE OF TWENTY-FIVE TO SELECT AND LOCATE A SITE FOR A NEW CEMETERY FOR THE TOWN OF CLAREMONT.

Sometime in June last, John S. Walker, John L. Farwell and S. F. Rossiter, were constituted a sub-committee to ascertain the owners and area of the Tyler lot, so called, and if the owners would sell and convey the same, and at what price, etc. Having attended to the duties assigned us, we respectfully submit the following:

First, As to the ownership we find three-sevenths of the Tyler lot to be the property of Mrs. Austin Tyler of New York City, two-sevenths belonging to Miss Emily R. Tyler, of Plainfield, N. H., one-seventh to heirs of Mrs. Sarah Hitchcock, recently deceased, and are quite numerous and scattered, the remaining one-seventh is the property of Mrs. Reuben Ellis of this town, all held in common.

Second, As to the area, with the assistance of Mr. Rush Chellis, we find the Tyler lot to contain fifty acres and a fraction, situated some one-half or three-quarters of a mile south-westerly of the centre of the village, and bounded on the east by Tyler street, and land of Sugar River Paper Mill Co., on the south by land of Sugar River Paper Mill Co. and the old fair ground, on the west by land of L. A. Tolles, on the north by land of Mr. Patrick Hoban, Mrs. Hunter, Mr. Belknap, Mr. George L. Balcom, the Bluff school house

lot and Sullivan street, with two lanes or roadways, reserved, leading to Sullivan street, one near the house of Patrick Hoban, the other just west of the Bluff school house lot. It has a light, dry soil with an attractive diversity of landscape and surface, about one-half of which is covered with a young growth of trees, both of hard wood and evergreen varieties. The owners declined naming any price for the property, claiming they did not wish to dispose of it. The Sugar River Paper Mill Co. will sell to the town ten acres next east of the Tyler lot, at the appraisal of disinterested persons (if the Tyler lot should be selected for a cemetery) if it should be wanted.

JOHN S. WALKER,  
JOHN L. FARWELL,  
S. F. ROSSITER.

February 15, 1895.

No action was taken on this report. Nearly every member present expressed himself in favor of submitting the whole matter to the town. After voting (7 to 6) to rescind the vote of Jan. 26, 1894, making the Ward lot the location for additional cemetery purposes, it was voted: "That the whole matter of new cemetery be submitted to the town, at the annual town meeting, to be holden March 12, 1895, without recommendations."

It was also voted: "That the Chairman and Secretary of the committee prepare a report of all the proceedings, to be printed in the town report."

O. B. WAY, Chairman,  
A. W. HAWKES, Secretary.

March 1, 1895.

# REPORT OF Stevens High School Committee.

---

During the past year Stevens High School has been under the continued charge of Melville C. Smart, A. M., as Principal, and has maintained its previous high reputation. Prof. Smart is an excellent scholar and teacher, and also by his able, prudent, and efficient government the school has been entirely free from everything of a disturbing nature. This is a credit to the school, both teachers and scholars, and has contributed very much to its successful progress and usefulness.

## ATTENDANCE.

The fall term of 1893 opened with 116 pupils, and the summer term of 1894 closed with 117. The fall term of 1894 opened with 125 pupils, and is the same at the present time.

If the school continues to increase in numbers, in the same ratio that it has for the last three years, some provision for more room will be required. Even now there is urgent need of an additional recitation room, and it should, in some way, be provided.

## REPAIRS.

No extensive repairs have been made for some time. Some years ago new floors were laid in two rooms; all the others are in poor condition and should be relaid.

Two of the rooms should have new desks and chairs. The roof is in bad condition. This, and some other things unnecessary to mention, should be attended to for the preservation of the building. The matter of heating, sewerage and ventilation has been discussed for several years. The committee have done all they could do, with

the means at their command, but it is not enough, neither of them are what they should be.

This is a question of great and serious importance for the comfort, as well as the health, of the school, and there is urgent need of an entirely new system of heating and ventilation, and improved sanitary arrangements.

#### TEACHERS.

Within the year four of the assistant teachers have resigned, three of them to accept similar positions elsewhere, at an increased salary. The first was Miss Jane R. Cutler, teacher of sciences; the school was sorry to lose her, but was fortunate in securing Miss Ellen P. Jones, B. A., a graduate of the school in 1889, to take her place.

During the summer vacation Miss Nellie C. Lewis, teacher of mathematics, resigned, to accept a similar position in the Concord High School. Miss Lewis is a graduate of the school, and had been connected with it as teacher for about ten years, and was one of the most efficient assistants that the school has ever had. Her place is being ably filled by Miss Ruth E. Hubbard, also a graduate of the school.

Soon after the opening of the fall term Miss Florence K. Bailey, another graduate of the school, an accomplished and successful teacher of history and literature, received the offer of a position in the Somerville, Mass., High School, where her work would be less and the salary considerably larger. Miss Bailey was highly esteemed by all, both teachers and scholars, and the committee were very reluctant to lose her. The school was exceedingly fortunate in securing the services of so able an assistant as Miss Susie H. Twitchell, B. A., one of its former assistants, to succeed her.

At the end of the fall term Mme. Constance C. Bauer, teacher of French and German, was obliged to resign on account of ill-health, and as no successor could at that time be found, her work was temporarily divided among the other teachers. Mme. Bauer had greatly endeared herself to all who knew her, and it was with great reluctance that she was obliged to leave.

The fact that all the above mentioned teachers, except the last, resigned to accept positions where larger salaries are paid, suggests the query, whether a small increase in teachers' salaries might not be a profitable investment.

Why should not the Stevens High School be made a place where

the best teachers would be glad to come and remain, rather than a place of training for those who are new and inexperienced? For this an additional appropriation should be made.

The music and drawing under the able direction of Miss Addie M. G. Walker, another graduate, is making satisfactory progress.

Miss Mabelle R. Burbank, still another graduate, has succeeded in arousing a great deal of enthusiasm in the new department of elocution. It is earnestly hoped that this new and important feature of the school may be made permanent.

It is worthy of remark that all of the present assistant teachers, with one exception, are graduates of Stevens High School.

Notwithstanding the many changes in the teaching force, the work of the school has, on the whole, been very satisfactory. All the teachers have been diligent and faithful in their several departments, and the committee are pleased to report the school to be in a very prosperous condition, and worthy of your continued and liberal support.

GEORGE L. BALCOM,

Chairman of the Committee.

Claremont, N. H., Feb. 20, 1895.

# Report of the School Board

## of the Town School District, for the Year Ending February 15th, 1895.

---

We respectfully submit the following report for the fiscal school year ending February 15, 1895 :

As the year closes we note some changes, some needs and much that continues the same.

The village schools have had but little change in their teaching force ; Miss McQuaid at the Bluff Primary, Miss Bailey at the Grammar, Miss Back at Broad St., and Miss Whitney at North St.

Three new schools have been opened, two primaries and one at the Grammar school. The classes in the intermediate grades have been divided. There has been a redivision in the south part of the village in order to accommodate the children better.

Drawing and music are taught in all of these schools as well as in the newly graded school at West Claremont.

In our primary schools method is of chief importance ; the pupil must be started aright in order that no time may be lost in unlearning. We insist that the method and matter shall be that which has the highest approval. We are glad to believe in this our schools are commending themselves to their patrons.

In the intermediate and grammar grades the more exacting element of discipline is added. We have a corps of teachers in these grades that have been carefully selected through years of actual experience. As changes come to the teaching force we want the introduction of those only who have pursued regular courses in our Normal schools, supplemented by actual practice.

Were more schools grouped in a single building, and under the direction of an efficient head teacher, the instruction would be more

uniform, and the discipline more effective. The nuisance of a half dozen boy-janitors would give place to the riper judgment of a carpenter-janitor, who would be a most useful adjunct to our school force.

The outbuildings of our school houses are an unmitigated nuisance. Their reeking stench, their disfigured and mutilated condition is a shame and a disgrace to the town. Their common use, in some instances, makes the bettering of their condition impossible. A system of sewerage in the village is the only possible solution.

The question of how to provide for scholars in the outside districts is still a living issue. Centers of population change; methods once employed are not possible now. The Grammar and High School have robbed the district school, and that in a perfectly legitimate way, viz.: By offering them something better.

In conformity with these tides, Bartlett, Grannis, Paddock and the Plain Divisions have been closed. The first has been transferred to the Haubrich, and most of the other three will be found at West Claremont.

Still the glaring inequalities of money expended on the individual pupil, and the unsatisfactory results obtained, are equally convincing that the right settlement has not yet been reached.

Long Division and the Plain could be as well served if a school house could be placed at, or near Claremont Junction. The growing population and the generous offer of a suitable lot, at a mere nominal price, suggests the advisability of moving the schoolhouse from the Plain.

At West Claremont the new schoolhouse and the new school are giving most excellent satisfaction. After the schoolhouse was completed according to contract, the school board received a petition signed by seventy-six (76) legal voters residing in that part of the town, asking that the school room be divided. This has been done. The school has been graded; music and drawing are being taught there; and the schools with more than sixty pupils, is fast vindicating the wisdom of the change.

On this principle of consolidation, more and better instruction can be secured. When patrons and officials shall get closer together, wiser plans and more efficiency will prevail. The interests of one are the interests of both.

The terms of our graded schools have been changed so as to correspond to those of the High school. Owing to this our financial and statistical reports are incomplete. What has been the third term of our school year is still in session. It will be the first term of the next school year.

The change in the terms has been necessitated by the employment of the same teacher in the different schools and by the needs of our graded system. All our public schools are organic parts of one system. We should have one man at their head, and his supervision should extend to the lowest. He should be a teacher of the teachers. The School Board should act on his suggestions. The teaching power of each instructor would be more effective. The best results would be reached in managing the schools. We wish to record our growing conviction that a superintendent of public instruction should be appointed.

In accordance with the public statutes, Mr. G. W. Boyd has been appointed truant officer. He has been a judicious helper in securing attendance and maintaining good order.

We beg you, therefore, to note that we have three new schools; that we have consolidated three divisions into one school in which two teachers are employed. We have music and drawing in more schools than formerly; more and better instruction is being given; and for all these reasons we ask for a larger appropriation. The amount allowed last year was barely the same as that given in 1892, while the work done is far different.

# School Warrant.

## STATE OF NEW HAMPSHIRE.

To the inhabitants of the school district of the town of Claremont, qualified to vote in district affairs :

You are hereby notified to meet at the town hall in said district, on the second day of March, 1895, at two o'clock in the afternoon, to act upon the following subjects :

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To choose a treasurer for the ensuing year.
4. To choose a member of the school board for the ensuing three years.
5. To hear the reports of auditors, committees and officers heretofore chosen, and to pass any vote relating thereto.
6. To see what action the district will take in relation to moving the schoolhouse from old district No. 5, or the Long division, so called, to a new location, at or near Claremont Junction, and raise and appropriate money therefor.
7. To see what sum of money the district will raise and appropriate for the repairs of schoolhouses.
8. To see if the district will vote to instruct the school board to maintain a school in the schoolhouse on the Plain, so called, in West Claremont, for the accommodation of all the scholars included within the limits of "old district No. 5."
9. To choose agents, auditors and committees in relation to any subjects embraced in this warrant.

Given under our hands at said Claremont, this fifteenth day of February, 1895.

HERMON HOLT, O. C. SARGENT, EDWARD F. HOUGHTON,	}	School Board.
---	---	---------------

I hereby certify that the following returns of Births, Marriages and Deaths are correct, according to my best knowledge and belief.

FRANCIS F. HASKELL, TOWN CLERK.

# VITAL STATISTICS.

In compliance with an Act of the Legislature passed June Session, 1887, requiring "clerks of towns and cities to furnish a transcript of the record of births, marriages and deaths, to the municipal officers for publication in the Annual Report,"

we submit the following:
